

SOCIAL SKILLS AND AUTISM

A Skill Building Group for Children with a Parental Support Group for Caregivers

Children ages 6-10, who are verbal, will practice improving their social interactions in a group of their peers. While the children are working on social skills, the parents will participate in a support group to share experiences, give and receive practical feedback, and enhance parenting skills to further respond to the unique needs of their children.

Participants: Children Ages 6 – 10 and Parents

When: Tuesdays from 6:00 - 7:30 pm
